About Me

A dedicated business and technology student based in Japan, combining skills in front-end development (React, JavaScript), UI/UX design (Figma), and digital project management

Work Experience

Freelance UI/UX & Graphic Designer Mar 2026 - Present
Self-Employed (Freelance)

Translated client requirements into clean, modern layouts focusing on user experience (UX) and brand identity.

Web Development 2023 - Present
Independent Projects & Training

Built responsive web applications and interfaces using React and JavaScript.

E-Commerce Store Owner & Manager Jan 2026 - Mar 2026
(Lumiera)

Managed digital marketing strategies, product pricing, supply chain logistics, and customer acquisition.
